wooden serving & side plates
everything tastes good!**

MKLW, MKSW

MKLO, MKSO

Maku is a set of wooden serving dishes & side plates. Named after the Finnish word for 'taste' the plates have been designed especially to complement our now well-known WARM series and can be used to serve cakes, breads or whatever takes your fancy.

The series comes in two sizes. One size is short and maybe used as a side plate, the other is a much longer version perfect for long Swiss Roles or baguettes. Available in finishes of Oak or Walnut, and produced by using the same technique as the WARM wooden bracelets, the plates are both durable and light.

The plates are treated with a natural oil which protects them from water and makes them easy to clean by wiping with a damp sponge.

Due to the nature of the ceramic production methods specifications stated here may vary slightly on the final produced pieces.
