

Designed for Tonfisk by Tanja Sipilä

NEWTON...
A milk & sugar set
which proves gravity

NTNG

NTNW

Newton is a new way of serving sugar and milk. The mechanism in Newton is based on gravity: you can pour the milk without removing the attached sugar bowl. While you tip the milk jug, the sugar bowl remains level.

Newton is designed so that the sugar bowl can be easily removed for refilling the milk jug and also stays securely locked in place while pouring.

Due to the nature of the ceramic production methods specifications stated here may vary slightly on the final produced pieces.

Product specifications

Product Name: NEWTON
Product: Milk 18 cl and Sugar 7 cl set white
Style No: NTNW
Product Dimensions: Diameter 8 cm (3,1 ins), height 12 cm (4,7 ins)
Weight: 0,37 kg (0,8 lbs)
Packaging Dimensions: 12,5 x 10 x 20,5 cm (4,9 x 3,9 x 8,1 ins)
Individual Unit Packaged Weight: 0,45 kg (1 lbs)
